

'Life in the Universe'

There is life on earth, but is there life out there?

A DAY OF FREE TALKS

It's life Jim, but...

Crab Nebula
From whence life came?

Eminent Speakers Include:

Prof. J.C. Brown

Astronomer Royal for Scotland

Prof. C.S. Cockell

UK Centre for Astrobiology

Dr. C.J. Lintott

Oxford: 'The Sky at Night'

Prof. Sir Roger Penrose OM

Celebrated Mathematical Physicist

from a distant planet?

No. This Sea Dragon demonstrates the wide diversity of life on earth. So from the raw chemicals, how did life begin on earth and has life developed elsewhere in the Universe?

Edinburgh Students Debating Hall
Bristo Square 10.00 to 17.30

9 March 2013
